The APP is a **F-1 visa** program, with our office issuing the initial I-20 along with a letter of acceptance to one of our associated high schools. The APP is very intense with students having **27.5 hours of direct instruction per week**. The classes are to prepare students for regular academic classes in the fall. In the afternoon they take demonstration classes in English Literature or the Sciences from regular classroom teachers. This helps understand the vocabulary and English proficiency they need to be successful in these classes.
